

VIGNESH DAS

SAP ABAP CONSULTANT

+91 8961446176 | vignesh.das020@gmail.com | Kolkata, India

PROFESSIONAL SUMMARY

SAP ABAP Consultant with 3 years of experience across implementation, rollout, and AMS support projects on SAP ECC 6.0 and S/4HANA. Skilled in RICEFW development, CDS views, OData services, BAdI and Customer Exit implementation, BAPI integration, Adobe Forms, and Module Pool programming. Experienced in performance optimization (HANA-optimized joins/CDS), technical specification documentation, and end-to-end delivery of custom business solutions.

PROFESSIONAL EXPERIENCE

Consultant

April 2026 - Present

QBA Pvt Ltd

- Delivered custom ABAP development across **implementation and rollout projects**, covering **custom report development, Adobe Form development**, and **Lift & Shift migration of RICEF objects** to support new plant/company code go-lives.
- Implemented a **BAdI enhancement for MIGO** to embed custom validation and business logic into the goods movement posting process.
- Implemented an **enhancement point in transaction WE14** to customize outbound IDoc processing and ensure accurate data exchange with external systems.
- Built **Module Pool programs for Gate IN/Gate OUT forms**, including transaction screens and print slip generation, to streamline warehouse gate operations.
- Developed and maintained **RICEF objects (Reports, Interfaces, Conversions, Enhancements, Forms)** end-to-end, from technical design through unit testing and deployment.
- Collaborated with functional teams and business users across implementation and rollout phases to gather requirements, resolve issues, and ensure on-time delivery.

Associate Business Analyst

April 2025 - April 2026

Infosys Ltd

- Handled **enhancements, modifications, bug fixes, and testing** in SAP applications, providing production support to ensure smooth business-as-usual (BAU) operations.
- Optimized custom developments by converting **nested SELECTs and loops into HANA-optimized joins/CDS views**, improving report performance.
- Designed **CDS views** to enable real-time analytical reporting and performance-heavy calculations.
- Enhanced **SmartForms and Dialog Programs**, customizing layouts to improve user interaction and ensure accurate data presentation.
- Implemented **User Exits, BAdIs, and IDocs** to extend standard SAP functionality and deliver custom business logic integrated with client-specific processes.

Associate IT Consultant

August 2023 - April 2025

ITC Infotech India Ltd

- Developed ABAP solutions using **Object-Oriented Programming** in AMS projects across **SAP ECC 6.0 and S/4HANA** platforms.
- Worked extensively on **RICEF objects, debugging, and performance tuning**, providing ongoing production support.
- Prepared **Technical Specification Documents** and comprehensive technical designs for project deliverables.
- Debugged and enhanced **SmartForms and IDocs** to ensure accurate data output and streamlined data exchange between SAP and external systems.
- Resolved issues and implemented changes in existing **reports** to meet evolving business requirements.
- Developed **Function Modules, Classes, and Data Dictionary tables**, and enhanced Dialog Programs for improved user interaction.

TECHNICAL SKILLS

- **ERP Systems:** SAP ECC 6.0, SAP S/4HANA
- **Programming:** ABAP/4, ABAP 7.5, Object-Oriented ABAP
- **Core ABAP:** RICEFW development, Module Pool Programming, Classical/Interactive/ALV Reports
- **Forms & UI:** SmartForms, Adobe Forms, Dialog Programs
- **Enhancements & Integration:** BAdIs, User Exits, Customer Exits, IDocs, BAPI, BDC
- **HANA & Fiori-Adjacent:** CDS Views, OData Services, Performance Optimization
- **Data Dictionary:** Creation and maintenance of DDIC objects
- **Documentation:** Technical Specification Documents, Technical Design Documents, UAT Documents
- **Tools:** Eclipse IDE, ServiceNow
